Therefore, the social security number being requested on the Essex County Park System's Golf Identification Card is on a voluntary basis and will only be used for the express purpose of identifying golfers of the Automated Tee Time Service and Information System. You may, in your sole discretion, elect to create your own unique nine-digit number in lieu of your social security number.

I hereby swear that the statements in the above application are true and made by me with the full knowledge that Essex County Park System relies on the truth of these statements in the above application in issuing an Identification Card that entitles me to play at resident rates on Essex County Park System's Golf Courses subject to all rules and Regulations of said courses and realize that false representations on this application will result in loss of privileges at Essex County Park System's Golf Courses and will subject me to a fine of up to $100.00
